

Setting IP Restrictions

02/20/2024 10:11 am EST

IP Restrictions can be set for each API key through the Account Center.

Limit by IP

Navigate to API Keys and click "Edit".

The screenshot displays the 'API Keys' management page. On the left is a navigation sidebar with the 'Autoaddress' logo and various menu items. The main area shows a table of API keys. The table has four columns: 'Integration', 'Key', 'Created', and 'Restrict'. There are two rows of data. The first row, 'New Integration', has a key starting with 'pub.', a creation date of '20 Feb, 2024', and an 'Edit' button in the 'Restrict' column. A red arrow points to this 'Edit' button. The second row, 'Sample Integration', also has a key starting with 'pub.', a creation date of '24 Jan, 2024', and an 'Edit' button.

Integration	Key	Created	Restrict
New Integration	pub. [REDACTED]	20 Feb, 2024	Edit
Sample Integration	pub. [REDACTED]	24 Jan, 2024	Edit

Add an IP address, ensure it is in CIDR notation, and then press Save.

Restrictions

New Integration
pub. [REDACTED]

Limit by IP

0.0.0.0/32 × + IP Address
