Description Screenshots Reviews

Autoaddress, by partnering with postal authorities such as USPS and Royal Mail, offers an easy and reliable global address capture solution. Your customers can complete their address with just a few keystrokes, ensuring quick and accurate shipping address capture. This plug-and-play solution will significantly reduce delivery problems and complaints, making shipping smoother and increasing customer satisfaction.

Autoaddress Details

App Autoaddress requires:

- ✓ View and modify content on checkout pages
- ✓ View and modify site content
- ✓ View and modify basic store information
- ✗ Access to your password

For more information, please read the [BigCommerce terms of service](#) and Autoaddress [privacy policy](#) and [terms of service](#).

Autoaddress is requesting to update its access to your BigCommerce store.

By installing this app, Autoaddress will be able to:

- ✓ View and modify content on checkout pages
- ✓ View and modify site content
- ✓ View basic store configuration settings

Autoaddress will not be able to:

- ✗ Access your password
